

EcoFluxx®

In the wild, you must to adapt to survive!

Will you win by having your Bears Eat Fish? Or will someone change the Goal so that their Frogs and Insects can make Night Music? Play ecology-themed Actions and Rules like Scavenger or Composting, but watch out for Creeper cards like Forest Fire, that can hurt everyone! Discover a little about how things go together, with EcoFluxx – the nature game of ever-changing rules!

EcoFluxx begins with one basic rule: Draw one card, choose one card, and follow the directions written on the card to make your play. As cards are drawn and played from the deck, the rules of the game change from how many cards are drawn, played, or even how many cards you can hold at the end of your turn.

"A fabulous game for tree-huggers of all ages! Fun environmental facts, great color graphics, and classic fun Looney Labs game play make this a winner. It's not easy being green, but it's easy making green when you sell EcoFluxx!"

–Steven Aarons, Barstons Child's Play
