Looney Labs offers Net 30 Terms to retailers who desire it and have a consistent on-time payment record with us. There is no additional discount for paying early (although it certainly makes us smile). Late payments are subject to a charge of 1.5% per month (18% per year).

VERY IMPORTANT NOTE: If we give you payment terms, you will then need to pay your invoice via check. Our systems do not have a way to accept a credit card payment on an order that has already shipped out without a payment attached.

To apply for payment terms, please fill out and sign this simple form. New accounts will start with a \$500 credit limit, but this number can be increased if your monthly volume is higher.

New Account Credit Application

By signing this Credit Application, you attest that you are a representative of

_____ (the Company) and that you have the authority to request credit on behalf of the Company. You agree on behalf of the Company to pay all bills promptly when due. If additional action is necessary to enforce this agreement, you agree that the Company will be responsible for those costs and applicable late fees.
