

Monty Python Fluxx®

It's Sure to Become Your Top-Selling Geek Game

And now for a hilarious new way to have fun – Fluxx has joined the merry knights from *Monty Python and the Holy Grail*. You can help King Arthur and his Knights find the Holy Grail, or bring a shrubbery to the Knights who say Ni. Lob the Holy Hand Grenade at the Killer Rabbit. But do it quick before the goal changes again.

Monty Python Fluxx begins with one basic rule: Draw one card, choose one card, and follow the directions written on the card to make your play. As cards are drawn and played from the deck, the rules of the game change from how many cards are drawn, played, or even how many cards you can hold at the end of your turn. The creative images salute the memorable movie scenes.

“The compact size makes it a great counter display and can complement any multimedia sales. Customers love Looney Labs games and there are really no other games like them on the market. They are quick to play and are never the same game twice. It’s an affordable luxury.”

— Mike Webb, VP Marketing, Alliance Game Distributors
