The Looney Labs Guide to Origins 2026

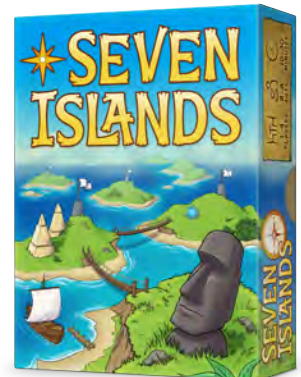

Issue #10

Looney Labs 30th Anniversary

Hey, we're back! Can you believe it's been 15 years since the last Big Experiment? And now we're celebrating our 30th year in business! We've made a lot of new Fluxxes since 2011, including

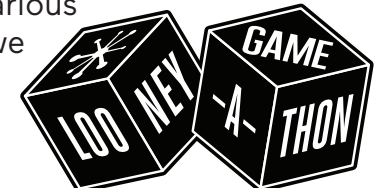

Mystery Fluxx, which is an Origins Award Nominee this year, and this fall we're releasing **Star Trek Lower Decks Fluxx...**

but the New Thing we're most excited about is **Seven Islands**, debuting HERE this weekend!

Join Our Game-a-Thon!

We have an awesome new system for tracking the results of the games played in our Lab. It's called the **Looney Labs Game Tracker** and it's really easy to use. Everyone gets a special badge with a unique three word identifier. Then, at the end of every game, everyone scans their badges, and the winner is noted. At the end, the system will tell us who won the most games in various categories, and we will use those stats to award the ten prizes!

Programmed Events

The following events are described in detail in the Origins program book:

- Andy vs. Everybody (3 sessions)
- Andy's PARSEly games (3 sessions)
- First Edition Fluxx tournament
- First-ever Seven Islands tournament
- Q&A with the Looneys
- Business Talk with the Business Czar
- Starbase Armstrong playtest

Ongoing Events

Prototype Playtesting

Andy has a dozen unpublished Fluxx games and various other prototypes for players to review and comment on. Just ask to see the Playtesting Menu!

Build-a-Fluxx Workshop

Buy your special kit (\$20) pre-stocked with all the basic New Rules and the greatest hits of the Actions, pulled from an eclectic mix of versions for stylistic variety! Then go find Alison to pick from select extras to make your deck unique! Includes 4 Blanxx Packs plus a ton of extra Keeper & Goal Blanxx to complete your vision. All in a random Fluxx box ready to cover with your own design.

Dog Doodles

Speaking of Alison, Fluxx blanks, and permanent markers, the Nanofictionary artist has agreed to create on-the-spot cartoons of the Best Doggie Ever (i.e. YOUR dog) on blank Keepers for you to add to your Dog Fluxx deck.

Giant Pyramids

What's more fun than IceTowers? Playing it with GIANT cardboard pyramids!

Icebreaker Corner

Did you know Andy created a videogame back in the 90s, for a machine no one remembers? It's all about destroying pyramids, and you can play it here!

The Sales Counter

Looney Labs does not have a booth in the Exhibit Hall. Instead, we got permission to conduct sales directly in our event room! We tried to bring a little bit of everything, but we have so many products now that supplies are limited.

The Bucket Raffle

SATURDAY NIGHT @ 7 PM

To celebrate 30 years of Looney Labs, the Bucket Raffle has 30 prizes, divided into 8 buckets, as listed here. →
Each participant will receive 8 tickets. They may spread them around as they wish, or drop one ticket into each bucket, or even place all 8 into the same bucket. As the winning tickets are drawn, winners will receive their choice of the remaining items from their bucket.

Each participant can only win ONE PRIZE from any given bucket (but you can win prizes from more than one bucket.)

Although this event was officially capped at 100 people, we will try to accommodate as many more as we can.
